Term 3/4

Dear Parents/Guardians.

We have had two busy terms and all the children have participated in some great activities.

In KS1, the children have been enjoying their usual indoor and outdoor play. They have also been busy baking with Mrs Woods – the gingerbread men smelled particularly good!

The children were also involved in activities surrounding the Chinese New Year. This consisted of tasting different foods, also arts and crafts.

In KS2, the children have been enjoying outside play, when the weather has been kind. The Wii remains a firm favourite for the last part of the evening session. Mrs Lee's baking sessions remain ever popular. Miss Locke hosts a quiz on Wednesdays, which the children play in teams (and there is a small prize for the winning team), not forgetting our Lego challenge – their competitive streak came to the fore!

Film nights, board games, arts and crafts have kept the children entertained too. Phew! There has been a lot going on!

Pupil permission forms should be with you – thank you for returning them promptly. This will enable us to include more photos of your children participating in these activities in future editions of the newsletter. Please browse the following pages for images of the children and their handiwork.

We wish you all a Happy Easter and well-earned break.

Kind Regards,

Gilbert's Gang.

The children in EYFS and KS1 certainly had fun dressing up and tasting the food that staff had prepared for the Chinese New Year celebrations. While KS2 made lanterns and lucky cat banners.

Gong Hey Fat Choy

KS2 Lego Challenge.

The challenge was to build a house, any size, but must have the essentials of a roof, windows and a door – we have certainly discovered some budding architects!

Happy Easter and thank you for looking.
